

Azar - Video Chat, Discover

****About Azar****

With Azar, users can easily meet new people from all over the world via video chat. A special feature of the app is that the interlocutor can be easily changed with the help of swipe gestures.

Azar allows you to meet new and nice people from all over the world. You get to know these people by video chats. Before video chatting with new people, you need to specify your preferred gender and region. As a result, the app searches for people you might like. If you notice during the video chat that the person is not the right interlocutor for you, you can just swipe to the left and a new person appears. To make the conversation more entertaining, you also have numerous filters, effects or costumes available. But you can not only chat with strangers, but also with your friends. Especially friendly and nice people can also be added to your friends list. This allows you to get in touch with them even faster.

****Azar - Features:****

- Meet new people: The Azar chat app makes it easy to meet new people from all over the world. However, you do not meet in chat rooms, but in video chats. To start a video chat, you must first enter your preferred gender and region. The app uses this information to find the perfect conversation partner for you. Once the video chat has started, you can decide if you want to talk to the randomly chosen person or not. To change the conversation partner, you just have to swipe left. Within a few seconds, a new interlocutor appears with whom you can start a new conversation.
- Chat with your friends: With Azar you can chat not only with new people from all over the world, but also with your friends. For this purpose, you have the possibility to start a private conversation.
- Expand your friends list: People with which you had a very good conversation can easily be added to your friends list. This will help you to see faster if they are online and make it easier to get in touch with them.
- Entertaining chats: If you are a little bit shy in the beginning or if you do not know how to continue the conversation, different filters and costumes can be of great help. Put on a pair of glasses, turn yourself into a dog, or tag your picture with funny stickers.

Conclusion: Azar is a fun chat app with which you can meet new people from all over the world via video chat. Since you can change your conversation partners easily and quickly, you will not spend long with people who are not the right interlocutor for you.
