## **\*\*About ElfYourself\*\***

With the app ElfYourself users can turn themselves into dancing elves. The app uses photos of the users to put them on the heads of dancing elves. The created video can then be saved and shared.

With ElfYourself you can easily create your personal and funny Christmas video. To enjoy your own elf video, you just have to upload 5 photos of yourself, your friends or your family. The app cuts out the faces in the photos and puts them on the heads of elves. Now all you have to do is choose a dance and you can see yourself and your friends dancing in elf costumes. The funny videos can then be saved on your device and shared on social networks.
