

Florence

****About Florence****

Florence is an interactive picture book that takes players on an emotional and rousing journey. Players experience the story of a first love that is not only about happiness and contentment, but also about strife and sadness.

In Florence you will experience a uniquely beautiful and at the same time sad story about the first great love. You accompany a young woman named Florence Yeoh, who is deeply dissatisfied with the deadlocked routine of her life. When she meets the cellist Krish, her fate turns and she experiences the beautiful side of life again. The love story between Florence and Krish is narrated in several chapters, which often include small mini-game episodes. Immerse yourself in a beautiful love story, control the life of the protagonist and find out how the story of the two will end.

****Florence - Features:****

- Experience a beautiful love story: Florence is an interactive picture book for your smartphone or tablet that tells you a beautiful story about the first great love. You experience the story of a young woman named Florence Yeoh, who is annoyed by the daily routine of her life.
