

Sandbox Coloring

****About Sandbox Coloring****

With Sandbox Coloring, users can paint a variety of coloring pages that follow the "color by numbers" principle.

In the app Sandbox Coloring many great motifs await you, which should become colorful with your help. All coloring pages in the app follow the "color by numbers" principle: the image consists of numbered fields. Each number indicates in which color the field should be colored. The individual colors are usually displayed in a legend at the bottom of the screen. If you've filled all fields of the image with color, you can save the finished image on your device or share it on social networks like Instagram.

****Sandbox Coloring - Features:****

- Color by numbers: The app Sandbox Coloring provides many great coloring pages, which are waiting to be painted by you. Each coloring page consists of many numbered fields. Each number represents a different color. At the bottom of the screen is a legend, on which can be seen, which number stands for which color. Color all fields with the corresponding colors and create your own little work of art.
- Save on your device: You can then save your painted picture on your device, allowing you to look at your picture at any time or send it to relatives or friends by email.
- Share your picture: You also have the possibility to share your little artwork on popular social networks like Instagram. Show your friends and followers what beautiful creations you just made.
- Unlimited access: If you want to have full access to all sandbox content, you'll need to sign up for a subscription. For a weekly, monthly or yearly amount, you can always access all of the app's coloring pages.

Conclusion: Sandbox Coloring offers you many great coloring pages. The well-known "color by numbers" principle does not only improve your fine motor skills but also helps children to recognize numbers.
