Slotomania: Vegas Slots Casino

About Slotomania
Slotomania is a virtual slot machine casino for smartphones and tablets, where players can play for free at popular slot machines.

Slotomania makes you feel like in a Las Vegas casino. The app provides more than 160 different slot games, where you can play for free. To play at slots, you have to use the so-called slotomania coins, which you can earn each round. In addition, you will receive free coins every three hours, which you can invest directly in the next game. If you prefer to save your coins, you also have the option of putting them in your own Slotomania piggy bank.

Slotomania - Features:
- Enjoy a wide selection of free slot machines: Slotomania offers you many free slot games. For example, you can choose between well-known and popular games such as "Return to Wonderland", "Chili-Loco" or "Enchanted-Oz". Overall, you can choose between more than 160 different slot games. Here is no room for boredom.
- Slot machine bonuses: If you play regularly at Slotomania, you can get numerous slot machine bonuses. For example, if you use Slotomania for the first time, you will already receive 10,000 coins as a welcome gift. In addition, you receive Slotomania coins every three hours, with which you can start new rounds. You also have the opportunity to earn so-called level-up casino bonuses when you reach a new level or a Lotto Bonus and Mega Bonus. Slotomania will reward you for playing regularly.
- Bet and hit the jackpot: In order to hit the highest possible jackpot, you can place bets for free. Put money and start the game: Maybe you're lucky and you hit the jackpot.
- Save your coins: If you do not want to spend your coins directly, you can save them in the special Slotomania piggy bank. Collect your money and spend it another time.

Conclusion: Slotomania is not only for slot machine fans lot of fun. Since you do not use real money in the game and get free coins again and again, you can enjoy the casino feeling even more carefree.
