- Experience a fascinating role-playing game in the Star Wars universe: The plot of the game is located approximately 4,000 years before the galactic empire. Peace in the galaxy is disturbed by a relentless war between Jedi Knights and the Sith. The Jedi Knights are soon at the end of their strength - and you are their last hope. Your mission is to use your Force and save the Republic from the Sith.
- Decide for yourself: In Star Wars: Knight of the Old Republic, you can choose which side of the Force you want to fight for. Do you prefer to use your skills for the Jedi Order or for the Sith? Choose a side of the Force and try to resist the temptations of the dark side of the Force.
- Control your Force: The Force is your most powerful weapon in the fight against the Sith. In order to use it properly, you must learn to control it first. The Force has more than 40 skills to learn throughout the game. When you're ready, you can also build your own lightsaber and hurl yourself into epic battles.
- Travel to well-known locations: You travel regularly to places which you already know from the Star Wars movies. In order that you can travel back and forth between the individual planets, you have a spaceship at hand. The Ebon Hawk will take you safely to one of the eight worlds, for example to Tatooine or Kashyyyk.
- Choose your characters: You can put together a group of 9 characters. You can choose from many peoples and characters from the Star Wars universe, such as Twi'leks, Droids or Wookies.

Conclusion: Star Wars: Knight of the Old Republic is an absolute must for all Star Wars fans. But even players who have not seen Star Wars or do not know much about the story will enjoy this exciting role-playing game.
