## **\*\*About Toca Kitchen 2\*\***

In Toca Kitchen 2, players can get really creative in the kitchen. There are more than 20 products available that can be processed and combined randomly.

Toca Kitchen 2 allows you to cook creatively and completely freely. In this mobile game you can let off steam at the stove, whether it tastes good or not. You can choose from more than 20 ingredients such as chicken, shrimp, spaghetti or squid tentacles that can be combined and processed in any combination. The ingredients you select can then be processed with various kitchen tools: throw your ingredients into the deep fryer, fry them at high heat or create a tasty juice. All the dishes you prepare will be served to your guests afterwards. Your guests will rate, if they liked the food or not.

## **\*\*Toca Kitchen 2 - Features:\*\***

- Get creative: In Toca Kitchen 2 you can let off steam at the stove. Try new dishes, try unusual combinations and create innovative recipes. Best of all, your dishes do not even have to taste good. The main thing is that you have become creative.
- Choose your ingredients: There are over twenty ingredients available. The large fridge contains ingredients such as pasta, shrimp or chicken. But also more unusual ingredients such as squid tentacles can be found in your fridge. Choose ingredients for your dish, discover new and previously unknown foods and experiment with them.
- Prepare your dish: Once you have selected all ingredients, you can process them with a total of six different kitchen tools. In addition to chopping boards or pans, Toca Kitchen 2 now also includes a new stove and juicer with new functions. Brand new in the game: the fryer. Now you can even fry all the ingredients.
- Observe the reaction of your guests: Of course, your dishes should also be tried and evaluated. After you prepare a meal, it will be served to your guests. Pay close attention to whether the dish meets the tastes of your guests. But do not worry: your guests will show you very directly how they liked the food. Beware of partial violent and unambiguous reactions like "Yuck". But sometimes it can be quite entertaining to see the tortured face of your guests.

Conclusion: Toca Kitchen 2 allows you to try completely new combinations in the kitchen. Since you have many different foods and kitchen tools available, every dish is possible, no matter how unusual it is.
